# eco ERASER

**JUST ADD WATER  
THEN ERASE**

Where the story started for us over 20 years ago. A sponge that worked like an eraser to remove stubborn dirt with only water. Still our best selling range to this day, there is only one Eco Eraser, tested and proven for over 20 years.

# ECO ERASER

## ERASERS

### ORIGINAL

White Magic Eraser Sponge is a new and highly unique cleaning product that uses only water to erase stubborn marks. It is a multi-purpose cleaner that effectively removes stubborn marks without the need for harmful chemical cleaners. It can be used on any smooth and non-porous area of the home or office.

## ERASERS

### SHOWER ERASER

When the cleaning task in the bathroom needs to get serious, then turn to Shower Eraser. The micro-abrasive fibres can lift stubborn soap residue, and hard water marks with only water. The tiny fibres can get down into the tiny pits of the surface to dislodge the grime off all hard surfaces such as glass, ceramic, stainless steel, and melamine. The patented suction hook holds firmly and is not affected by water or heat for easy storage in and around the shower.

A REVOLUTIONARY WAY TO STORE

## WE HAVE INNOVATIVE STORAGE SOLUTIONS

i-hook technology has revolutionised the ability to store items on smooth, non-porous surfaces. The i-hook binds strongly to all smooth, non-porous surfaces better than regular suction products. The millions of nano suction cups, create a strong bind that is heat, sun, water and cold resistant. Combine this with the elegance of stainless steel attachments, the i-hook is both functional and stylish.

# masha

## **PERFECT MASH, IN AN INSTANT**

The MASHA allows you to prepare and serve a wide variety of your favourite vegetables in a whole new way. Create smooth, creamy mashed potato in a matter of seconds - also perfect for pumpkin and sweet potato. Mixed vegetable combinations are now easy to prepare and great for the kids.

# MASHA

## FOOD PREP MUST HAVE

Perfect mash,  
in an instant.

### ENGINE TO PERFORM

Metal drive gears and a powerful double reduction gearbox provide the muscle to drive the ROTOR at exactly the right speed for the perfect result. We know a product you use every day must be built to last. That's why every material and component in the PREP Masha has been carefully developed to provide years of trouble free use.

### QUICK-RELEASE ROTOR BLADE

A spring loaded mechanism locks the shaft when the power unit is detached, allowing the Rotor Blade to be removed with a simple turn and click. This means there are no places for ingredients to hide, making wash-up a breeze.

### COMPACT DESIGN

Storage space is at a premium in any kitchen. That's why we were determined to make the Masha as compact as possible. It was designed to slip into the cutlery drawer so it's always at hand and easy to store.

### EASY TO HOLD, EASY TO USE

The Masha had to be simple to operate and effortless to use. So we created a forward biased non-slip handgrip with balanced weight distribution and a perfectly positioned button. This means it places less strain on your wrist and always feels comfortable to hold.

# ESSENTIAL

The aim of the Eco Toilet Set is to improve hygiene and environmental sustainability. It is more durable than traditional toilet brushes and retains its original shape longer. Thanks to an ergonomic, flexible design, it facilitates easy cleaning even of hard-to-reach areas of the toilet, such as under the rim and the U-bend. Made of antibacterial materials, this clog-resistant and drip-free brush is hygienic. It allows water and dirt to drain off easily and thus dries quickly.

TRUSTED WOOD CARE, CLEANERS & POLISH  
SINCE 1879

Made in USA

## About Parker & Bailey

Parker and Bailey was established in 1879 in Maine USA. Bailey a respected furniture marker commissioned Parker to make a furniture polish that was given away with every piece of furniture sold

People kept coming back for more, so they joined forces to produce a range of fine wood care products such as Kitchen Cabinet Cream, Furniture Cream and Lemon Oil Polish

These traditional formulas have stood the test of time and are still recommended by furniture restorers and antique experts throughout the United States of America

Over the years other products have been developed to help clean, polish and protect surfaces in the kitchen and all over the home.

# PARTNERSHIP

PROUDLY  
SUPPORTING

Every year White Magic donates a % of sales to Asthma Australia which is used to support community education programs.

One of the major triggers for some people with Asthma is household chemicals used for cleaning. White Magic has been promoting the use of chemical free cleaning products in Australia and New Zealand for over 15 years and White Magic is excited to support an organisation that helps people with asthma to breathe better.

For more information on how asthma triggers and how to better manage asthma, go to [www.asthmaaustralia.org.au](http://www.asthmaaustralia.org.au)

**How does this partnership benefit people with Asthma?**

Over \$100,000 donated so far for Asthma education programs around Australia. Every time you sell a White Magic product this helps us to donate more year on year.

In every Eco Cloth and Spin Mop Box Set we distribute an “Asthma First Aid Checklist”. It is in the form of a Fridge Magnet for easy referral whenever needed. Over 250,000 distributed thus far.

**Calling us is easy!**
