

PRODUCT GUIDE COMPENDIUM 2024

Oates® has been supplying professional quality cleaning products for the home and industry for over 85 years. With an extensive national network and experienced sales force, Oates® prides itself on delivering the highest level of quality products with national service. The Oates range is currently comprised of over 900 products with a strong emphasis on continuous improvement, product development and quick and easy, effective cleaning.

A GUIDE TO THE OATES® COMPENDIUM

We recently upgraded our operating system, and with this change came new codes for all of our products. The Compendium is designed to easily navigate, find and cross-reference the new and old codes throughout all of our active range, including our most recent product launches. For easy navigation we have designed the Compendium to follow the same order and structure of the Oates® 2017 Product Guide.
